SUPPLEMENT MIXING GUIDE

Supplements can usually be thickened with SimplyThick® EasyMix™ with some slight modification to the standard procedures. Supplements are difficult environments for thickeners.

Supplements fall into 3 categories:

- A** Supplements that use SimplyThick EasyMix **without modification.**
- B** Supplements that use SimplyThick EasyMix **with modification.**
- C** Supplements that are **not compatible** with SimplyThick EasyMix.

We recommend these general guidelines for thickening supplements:

1. Stir SimplyThick EasyMix in supplements for **1 full minute.**
2. Supplements thickened with SimplyThick EasyMix should be consumed within 4 hours of preparation.

The supplements listed on this sheet are the ones we have tested to date. The most up to date information can be found at: www.simplythick.com/supplements
