</tr>
<tr>
<td>Cocoa</td>
<td>1 Tbsp / 15 mL</td>
<td>2 Tbsp / 30 mL</td>
<td>¼ cup / 60 mL</td>
</tr>
</tbody>
</table>

**Method:**

1. Clean and sanitize work area.
2. Wash hands thoroughly and gather ingredients.
3. Remove appropriate amount of Darlington Texture Modified Bread and Bakery Mix and place in a clean and sanitized bowl. Whisk dry ingredients to aerate.
4. Measure appropriate amount of oil and hot water (Water from the tea dispenser is the ideal temperature). Blend well and add to dry mix.
5. Add cocoa and mix well using a whisk until all liquid is absorbed. Do not over mix.
6. For service, portion product using a #24 / Red handled scoop and transfer to plate.
7. Service Options:
   a. If serving cold - refrigerate prepared product at 4° C (40° F) or colder until service or for a maximum of 48 hours.
   b. If serving warm - cover and hold prepared product at 60° C (140° F) or higher until service or a maximum of 2 hours. Discard after 2 hours.
   c. For batch preparation and service at a later time - freeze product immediately after preparation. Hold product at -18° C or below for up to 30 days.

**Notes:**

- Chocolate Mousse – Top with 1 Tbsp of chocolate, pistachio or vanilla mousse. Garnish with whip topping.
- Chocolate Cupcake – Chill mixture. Prior to serving, top with frosting.
- Chocolate Shortcake – Drizzle with Smucker’s Platescrapers and top with whip topping.

**Filling and Garnish:** Assorted prepared pudding and whip topping

**Method:**

1. Clean and sanitize work area.
2. Wash hands thoroughly and gather ingredients.
3. Remove appropriate amount of Darlington Texture Modified Bread and Bakery Mix and place in a clean and sanitized bowl. Whisk dry ingredients to aerate.
4. Measure appropriate amount of oil and hot water (Water from the tea dispenser is the ideal temperature) and add liquids to dry mix.
5. Mix well using a whisk until all liquid is absorbed. Do not over mix. Let stand for 10 minutes.
6. For service, portion product using a #24 / Red handled scoop and transfer to plate. With a spoon create an indentation in the center of the pie crust.
7. **Service Options:**
   a. If serving cold - refrigerate prepared product at 4° C (40° F) or colder until service or for a maximum of 48 hours.
   b. If serving warm - cover and hold prepared product at 60° C (140° F) or higher until service or a maximum of 2 hours. Discard after 2 hours.
   c. For batch preparation and service at a later time - freeze product immediately after preparation. Hold product at -18° C or below for up to 30 days.

**Notes:**

**Assorted Pie** - Add a tablespoon of pie filling in the indentation and garnish with whip topping.

Recipe Name: Puree Lemon Cake Versatility

Yield: (# of portions) | 7 | 14 | 28
---|---|---|---
Ingredients:
Darlington Texture Modified Bread and Bakery Mix | 1 cup / 140 gm | 2 cup / 280 gm | 4 cup / 560 gm
Hot Water (165-180° F) | 1 cup / 250 mL | 2 cups / 500 mL | 4 cups / 1 L
Vegetable oil | 2 Tbsp / 30 mL | ¼ cup / 60 mL | ½ cup / 120 mL
Sherriff Lemon Pudding Mix | ¼ cup / 60 mL | ½ cup / 120 mL | 1 cup / 250 mL
Lemon Juice | 1 Tbsp / 15 mL | 2 Tbsp / 30 mL | ¼ cup / 60 mL
Sugar | ¼ cup / 60 mL | ½ cup / 120 mL | 1 cup / 250 mL
Garnish: Lemon curd, Lemon Glaze, Whip Topping | 1 cup / 250 mL | 2 cups / 500 mL | 4 cup / 560 mL

Method:

1. Clean and sanitize work area.
2. Wash hands thoroughly and gather ingredients.
3. Remove appropriate amount of Darlington Texture Modified Bread and Bakery Mix and place in a clean and sanitized bowl. Whisk dry ingredients to aerate.
4. Measure appropriate amount of oil and hot water (Water from the tea dispenser is the ideal temperature). Blend well and add to dry mix.
5. Add lemon pudding mix, sugar and lemon juice mixing well using a whisk until all liquid is absorbed. Do not over mix.
6. For service, portion product using a #24 / Red handled scoop and transfer to plate.
7. Service Options:
   a. If serving cold - refrigerate prepared product at 4° C (40° F) or colder until service or for a maximum of 48 hours.
   b. If serving warm - cover and hold prepared product at 60° C (140° F) or higher until service or a maximum of 2 hours. Discard after 2 hours.
   c. For batch preparation and service at a later time - freeze product immediately after preparation. Hold product at -18° C or below for up to 30 days.

Notes:
- Lemon Drop Cookie – Place #24 scoop of lemon cake on plate and create a depression in center of scoop. Top with teaspoon of prepared Lemon Curd.
- Lemon Bar – Place #24 scoop of lemon cake on plate and flatten cake with spatula. Shake powdered sugar over the top and serve.
- Lemon Pound Cake - Place #24 scoop of vanilla cake on plate. Drizzle with lemon glaze and serve. For Lemon glaze mix: Mix ½ cup Icing Sugar with 1 Tbsp Lemon Juice. Thin as needed with water.

#### Method:

1. Clean and sanitize work area.
2. Wash hands thoroughly and gather ingredients.
3. Remove appropriate amount of Darlington Texture Modified Bread and Bakery Mix and place in a clean and sanitized bowl. Whisk dry ingredients to aerate.
4. Measure appropriate amount of oil and hot water (Water from the tea dispenser is the ideal temperature). Blend well and add to dry mix.
5. Add plain yogurt mixing well using a whisk until all liquid is absorbed. Do not over mix.
6. For service, portion product using a #24 / Red handled scoop and transfer to plate. Top with 1 Tbsp fruit puree and 1 tsp whip topping.
7. Service Options:
   a. If serving cold - refrigerate prepared product at 4° C (40° F) or colder until service or for a maximum of 48 hours.
   b. If serving warm - cover and hold prepared product at 60° C (140° F) or higher until service or a maximum of 2 hours. Discard after 2 hours.
   c. For batch preparation and service at a later time - freeze product immediately after preparation. Hold product at -18° C or below for up to 30 days.
